ABOUT ME

I am a motivated B.Tech Computer Science Engineering (AI & ML) student currently in my 3rd year, with a strong foundation in programming, data structures, and machine learning concepts. I am eager to apply my technical skills to real-world projects, enhance my problem-solving abilities, and gain industry experience through internships and collaborative work.

EDUCATION

MOHAN BABU UNIVERSITY|2023-2027

📍 TIRUPATHI

Bachelor of Technology (B-Tech) – Computer Science and Engineering (AI & ML) Graduation: [Year 2027]

CGPA: [7.66]

NARAYANA|2021-2023

PERCENTAGE: [6.67]

📍 ADONI

IMOUNT CARNEL HIGH SCHOOL | 2020

PERCENTAGE : [6.67]

📍 KOSIGI

TECHNICAL SKILLS

Programming Languages : Java, C, python, front end

Core Skills : Problem Solving, Object-Oriented Programming, Data Structures & Algorithms.

Tools & Platforms : Eclipse, VS Code, Git Hub , Jupyter Notebook.

Areas of Interest : Artificial Intelligence, Software Development, Internet of Things (IoT)

Academic projects

1. EcoRide – Smart Bicycle Sharing System
2. Student Registration form (Mini Project)
3. Brain tumour detection using

Achievements

Attended AWS (Amazon Web Services) Webinar hosted at Mohan Babu University – First ever AWS event held in Andhra Pradesh. Actively participated in coding contests and technical events organized by the university. Completed an intensive Machine Learning Engineer career pathway with 190+ hours of structured training, covering predictive analytics, machine learning, time series analysis, and real-world business applications, gaining practical exposure to data-driven decision making and model development.

SKILLS

- Teamwork
- Problem Solving
- Team Management
- Adeptability
- Communication
